Letter of recommendation for Clowns4Care - humanitarian clowns

UNRWA recently had the pleasure of cooperating with Clowns4Care, humanitarian clowns from Denmark, during their mission to the West Bank from 1-8 April 2017.

We can warmly recommend Clowns4care for their professional dedication, care, empathy and compassion in supporting vulnerable and often suffering children. We highly appreciate Clowns4Care professionalism, flexibility, adaptability and reliability in cooperation with UNRWA before, during and after their mission. During their five-day visit, Clowns4Care visited in total 10 UNRWA-schools located all over the West Bank (representing both girls and boys schools) and the children's section in a hospital. Approximately 3.000 children benefited from intensive and very professional approach from the seven clowns who were on this West Bank-mission.

As the Denmark-based organization's motto says: "not just fun" Clowns4Care delivers not only fun and joy for the children, they also provide them with a much needed break from their daily struggle, giving them moments of what all children need and deserve: just being happy, carefree and innocent children. UNRWA and the students that we serve would welcome Clowns4Care back at any time to support the children of Palestine. We also very much hope that many more children in need worldwide get the opportunity to meet the warm-hearted and life-affirming women and men of Clowns4Care.

So with this we give our full support and warm recommendation to future partners working with Clowns4Care. If you require any further information from UNRWA regarding our experience with Clowns4Care, please do not hesitate to contact me at m.audette@unrwa.org.

Meg Audette
Deputy Director of UNRWA Operations
West Bank
